## STATEMENT OF FACT AND POLICY

As authorized by 12 M.R.S.A. Sections 6172 and 6192, the Commissioner of the Maine Department of Marine Resources promulgates emergency DMR Regulation 95.09 L, Closed Area No. 56-B, East Stream, Trescott. This new regulation closes the upper section of East Stream to shellfishing.

Department personnel have determined that East Stream, Trescott is subject to intermittent microbiological pollution and that the harvesting of clams, quahogs, oysters, and mussels, in these waters poses a threat to public health.
